

**"LET THE LEARNING
BEGIN WITH THE MASTERS"**

- **PROFESSIONAL COURSES**
- **POST GRADUATE COURSES**
- **CERTIFICATION COURSES**

We encourage our students to cultivate a strong sense of management, ethics and leadership amongst themselves. Here students find teachers who care for and respect them as individuals and at the same time provide them with ample opportunities to create, learn and become true professionals.

As we all know that during the Covid 19 Pandemic all the educational institutions across the world started teaching online. During this period, Level3 also adapted the new teaching method and successfully completed two years in providing the classes online. The new change enabled us to extend our presence in Pan India and to the Middle East also. Currently, we have offline classes along with online classes to concentrate on the career advancement of our students in an effective way.

In the comfortable campus atmosphere, high-energy learning prepares students for careers in major multinational organizations around the world. Our courses are recognized in more than 130 countries ensuring placements, worldwide. Our placement assistance ensures you are placed in the best companies where growth is synonymous with strong work ethics.

Level3 Edutech was conceptualized by a team of finance professionals with a dream to provide quality international finance qualifications at par with global standards. Located in the historic town of Tripunithura, Cochin, our campus has the advantage of easy accessibility. Modern facilities in our state of the art campus ensure learning is fast and students are future-ready.

PROFESSIONAL COURSE CERTIFIED INTERNAL AUDITOR

The CIA designation is the only globally accepted certification for internal auditors and remains the standard by which individuals demonstrate their competency and professionalism in the internal auditing field. Moreover, earning the CIA designation is more than just proof of what you know and what you've achieved - it's the best way for auditing professionals to communicate to the world that they are prepared to meet today's challenges. Candidates leave the program enriched with educational experience, information, and business tools that can be applied immediately in any organization or business environment.

Part 1: Internal Audit Basics

CERTIFICATION COURSES

LEAN SIX SIGMA GREEN BELT PROGRAM

Our customised training program offers a unique combination of expertise in process improvement, management and Lean Six Sigma Green Belt implementation. It helps in understanding business problems which allows cost reduction, and revenue increase.

Six sigma benefits;

- Reducing waste
- Improving time management
- Increase customer loyalty
- Boost employee motivation
- Higher revenues and lower costs

Learning Six Sigma methodologies for your work life can positively impact your career future. The primary goal of the six sigma certification is to validate individuals who possess the skills to identify errors or defects in a business process and eliminate them.

MATERIALS MANAGEMENT

Materials management uses inventories and production requirements for planning and control to ensure materials are available as required to meet production schedules. This material planning includes managing logistics, stock levels, materials quality, cost and more.

Materials Management is a great career choice if you want to enhance your knowledge about the dynamics of the supply chain market.

What set us apart from others?

Level3 focuses on a campus-to-corporate program which ensures your success. For this, we have the most experienced faculty panel and overall maintain a well-defined structured training program.
